**PETITION FOR RETROCATIVE COUNTING OF A NEWLY APPROVED  
 DISTRIBUTION REQUIREMENT COURSE**

The Weinberg College faculty voted in May 2004 to allow 300-level courses to count toward distribution requirements. Departments and programs submitted proposals for adding new 200- and 300-level courses to the approved distribution lists, and a faculty committee reviewed these proposals. Lists of newly approved courses are available online at: <http://www.wcas.northwestern.edu/advising/newdrinfo.html>.

All courses newly approved for distribution credit in 2004-2005 count as of Spring Quarter 2005. If you take the course in Spring 2005 or later, it will automatically count for distribution credit.

If a course you took in the past is now on the approved list, and you would like to count it toward your distribution requirements, please complete this form and submit it to the Weinberg College Office of Academic Advising, 1908 Sheridan Road.

**I request the approval of the following course:**
